A PLAYING BAND

in 12 weeks !
Guaranteed !

FRANK HOLTON & CO., originators of the **"Holton Guaranteed School Band Plan"** have organized hundreds of successful bands throughout the United States—on a basis of **Complete Satisfaction or Money Refunded.**

What we have accomplished for others, we can do for you. The success of a school band depends entirely on how it is organized. Properly organized, it will be the pride of the school and the community. Improperly organized, it can become an expensive luxury.

Under the Holton School Band Plan Success is absolutely Guaranteed

Represented in the Carolinas by
UNIVERSAL BANDMASTERS' ASSOCIATION
P. O. Box 441 Lexington, N. C.

Help Men to Help Themselves

Giving a man a job is far more practical and helpful than giving him a meal or money. A job helps him to retain his self-respect; to stand upright among his fellowmen, as all good men should do; and to face the world with a smile. A job helps the man and his community.

Your Community can now Create Worthy Jobs for Worthy Men

Federal unemployment funds can now be secured by County Commissioners of North Carolina for the purpose of clearing and cleaning up school grounds, for grading, seeding, and planting trees and flowering shrubs.

Such improvements will provide immediate work for the deserving men of your community. The funds come from the Federal government and *will not* increase the tax burdens of your own school district.

Lindley's Landscape Department will furnish helpful assistance

to School Boards, Parent-teachers' Associations, Principals and pupils who wish to aid the unemployed. We will prepare plans, provide trees and plants at special prices, and will also send a trained man to direct the planting, if desired. This work can be started *at once*, and hundreds of men put to work over the State. Write us—let's help the men to help themselves.

Lindley Nurseries, Inc.

Pomona, North Carolina
